

APPLICATION FORM OPERATION OF A PUBLIC SWIMMING POOL

PURPOSE OF FORM: This form will be used to process your application for Operation of a Public Swimming Pool.

IMPORTANT INFORMATION

- Operators of public swimming pools are required to register their swimming pool on the QBCC pool safety register and ensure they have a current Pool Safety Certificate. Council will review the Queensland Building and Construction Commission (QBCC) pool safety register annually to ensure that (a) the pool is registered; and (b) that the Pool Safety Certificate is current. Council will inform QBCC of any non-compliance.

Conditions of Approval
Operation of Public Swimming Pools
Schedule 15 of Subordinate Local Law No.1 (Administration) 2019

The conditions that will ordinarily be imposed on an approval are that the approval holder must -

- (a) must allow access by authorised persons to carry out inspections and monitor the water quality of the swimming pools/spas when open to the public; and
- (b) must keep a log of all chemical test records and have it readily available for examination by an authorised person on demand; and
- (c) provide separate dressing rooms for male and female users of the pool that are –
 - (i) of a size sufficient to accommodate the likely maximum number of users (at any one time) of the pool; and
 - (ii) situated and constructed so that they totally conceal persons within the dressing rooms from persons who may be outside the dressing rooms; and
- (d) provide for proper and sufficient male and female sanitary conveniences at the pool; and
- (e) not allow persons suffering, or appearing to suffer from an infectious, contagious or offensive disease or skin complaint to be at, or use, the public pool; and
- (f) maintain water quality in the manner recommended by the Queensland Health Swimming and Spa Pool Water Quality and Operational Guidelines (October 2004); and
- (g) undertake chemical water quality testing in accordance with the following schedule –
 - (i) Condition A (300+ beds) – high risk hotel, motel, resorts, learn to swim centres, aquatic centres and public pools –
 - (A) pool/spa water chemical tests should be carried out three (3) times per day and the results recorded in the log; or
 - (note: an automatic system is recommended for these premises)
 - (ii) Condition B (101 – 299 beds) – medium risk hotel, motel, resort and schools and caravan parks in excess of 100 sites -
 - (A) pool/spa water chemical tests should be carried out one (1) time per day and the results recorded in the log; and
 - (B) supervision should be provided during peak bathing periods; or
 - (iii) Condition C (100 beds or less) – low risk –
 - (A) daily chemical tests are carried out during the months of November to March (5 months); and
 - (B) outside of these times a minimum of one (1) chemical test per week must be recorded in the pool/spa log; and
 - (C) minimal daily supervision is provided and records kept; and
- (h) keep the pool at all times free from extraneous matter; and
- (i) display a notice explaining mouth to mouth resuscitation in a position that is visible from within any point of the swimming pool or spa; and
- (j) prominently display a sign at any spa pool containing the following warning: “IMMERSION FOR PERIODS LONGER THAN 20 MINUTES IN WATER HEATED UP TO 35°C IS CONSIDERED DANGEROUS”.

Term of approval

The term of an approval commences on the date the approval is granted and is valid for the term specified in the approval.

Term of renewal of approval

The term of a renewal of the approval shall be the term stated in the renewal.
