

## Table Drain Reformation — Tambaroora Street (Woodrow Street to Edith Street)

### PROJECT:

This project provides for the reconstruction of the existing table drain on the north-eastern side of Tambaroora Street between Woodrow Street and Edith Street, Howard.

The works allow for the provision of a concrete invert and the reconstruction of culvert/invert driveway crossings.

### PROJECT ESTIMATE:

\$90,000

### PROJECT SCOPE OF WORKS:

The Project scope is as follows:

- Earthworks
- New concrete invert
- Reconstruction of culvert/invert driveway crossings
- Topdressing and turfing of disturbed areas

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
