

Timber Bridge Replacement — Thinoomba Road, St Mary

PROJECT:

This project provides for the replacement of the timber bridge located in Thinoomba Road, St. Mary (adjacent to Lot 4 RP23061).

PROJECT ESTIMATE:

\$150,000

PROJECT SCOPE OF WORKS

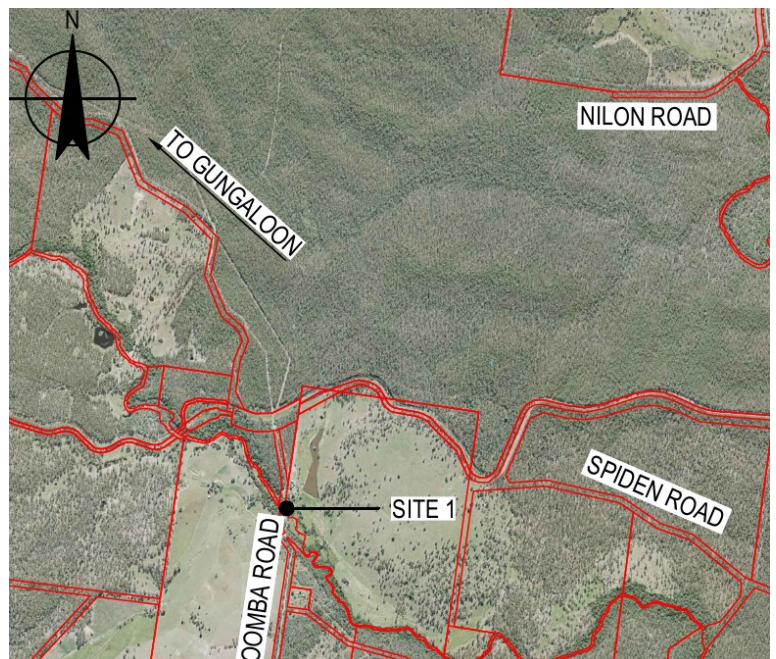

The Project scope is as follows:

- Demolition/Disposal of existing bridge
- Earthworks & removal of trees
- Concrete approaches
- Installation of pipe culverts
- Rock protection
- Signage , topsoil and restoration of disturbed areas

During the construction, Thinoomba Road, at the bridge location site, will be closed to traffic in view of the following :-

- To allow for a safe working space for workers performing the works and compliance with Workplace Health and Safety requirements ;
- An earlier completion date for the bridge replacement works.

NOTE:- Pedestrian access across the bridge site will be provided as much as is practically possible during the construction works.

INDICATIVE PROJECT MILESTONES

Nov 2018	Final Design
Jan 2020	Tender Period
June/July 2020	Construction Period
August 2020	Project Completion

The bridge replacement works are being undertaken as the result of a bridge inspection program that identified that the existing bridge required replacement as it had reached the end of its useful life.

Note: Project milestones are subject to contract and weather and may change.
