## Footpath Construction — Royle Street

### PROJECT:

This project provides for the construction of a 1.3m wide concrete footpath along the south-western side of Royle Street between the two crossing points adjacent to the on-street carparking area.

This project was identified for completion as part of Council’s Walk and Cycle Strategy.

### PROJECT ESTIMATE:

\$65,000 (this project is partly funded through the State Government’s Transport Infrastructure Development Scheme)

### PROJECT SCOPE OF WORKS:

The Project scope is as follows:

- Excavation and earthworks;
- Concrete footpath works;
- Topdressing and turfing of disturbed areas

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.

### INDICATIVE PROJECT MILESTONES

June 2020	Final Design
Aug/Sept 2020	Construction Period
Oct 2020	Project Completion
