Footpath Sectional Repairs—Maryborough

PROJECT:

This project provides for the sectional replacement of various sections of concrete footpaths in the Maryborough area.

This project is being completed following the identification of areas requiring replacement as part of Council's annual footpath inspection programme.

PROJECT ESTIMATE:

\$70,000

PROJECT SCOPE OF WORKS:

- General earthworks
- Concrete footpath replacement

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
