Footpath Sectional Repairs—Hervey Bay

PROJECT:

This project provides for the sectional replacement of various sections of paved and concrete footpaths in the Hervey Bay area.

This project is being completed following the identification of areas requiring replacement as part of Council’s annual footpath inspection programme.

PROJECT ESTIMATE:

\$165,000

PROJECT SCOPE OF WORKS:

- General earthworks
- Paving replacement
- Concrete footpath replacement

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
