

## Footpath Replacement—Saltwater Creek Road Waterston Street to Woodrow Street

### PROJECT:

This project provides for the replacement of approximately 110m of concrete footpath (1.3m wide) on Saltwater Creek Road between Waterston Street and Woodrow Street.

This project was identified for completion as part of Council’s Walk and Cycle Strategy.

### PROJECT ESTIMATE:

\$84,000

### PROJECT SCOPE OF WORKS

The Project scope is as follows:

- General earthworks
- Concrete footpath replacement
- Concrete driveway upgrade works where required
- Topsoiling and reinstatement of nature strip

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
