March 2021

## Road Reconstruction — Musket Flat Road

### PROJECT:

This project provides for road reconstruction works on Musket Flat Road starting from the existing bitumen seal.

These works will result in the completion of a further sealed section of Musket Flat Road.

### PROJECT ESTIMATE:

\$500,000 (this project is funded by the State Government's Works for Queensland funding program)

### PROJECT SCOPE OF WORKS:

The Project scope is as follows:

- Earthworks and excavation including the removal of vegetation;
- Culvert installations;
- Reconstructed road pavement and table drains;
- Bitumen sealing of pavement;
- Linemarking and signage;
- Top dressing of disturbed areas.

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
