

Drainage Works—Island Plantation Road

PROJECT:

The project provides for the construction of a new 2.0m wide concrete channel with single course block walls between Saltwater Creek Road and Island Plantation Road.

The works will improve stormwater flow through the existing drainage easement.

PROJECT ESTIMATE:

\$190,000

PROJECT SCOPE OF WORKS:

- Clearing and grubbing;
- Earthworks;
- Relocation of existing boundary fencing;
- Concrete channel construction;
- Landscaping including placement of jute mesh;
- Masonry block wall construction.

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
