

Road Reconstruction and Drainage Works — Sections of Toogoom Road

PROJECT:

This project provides for the reconstruction of a 520m section of Toogoom Road from 563 to 611 Toogoom Road. In addition to the road reconstruction works, drainage works including the reformation of table drains, will be undertaken on the eastern side of a 260m section of Toogoom Road.

The road reconstruction and drainage works are being undertaken as a result of inspections carried out as part of Council’s ongoing asset inspection program which identified that the road was showing signs of pavement failure and distress.

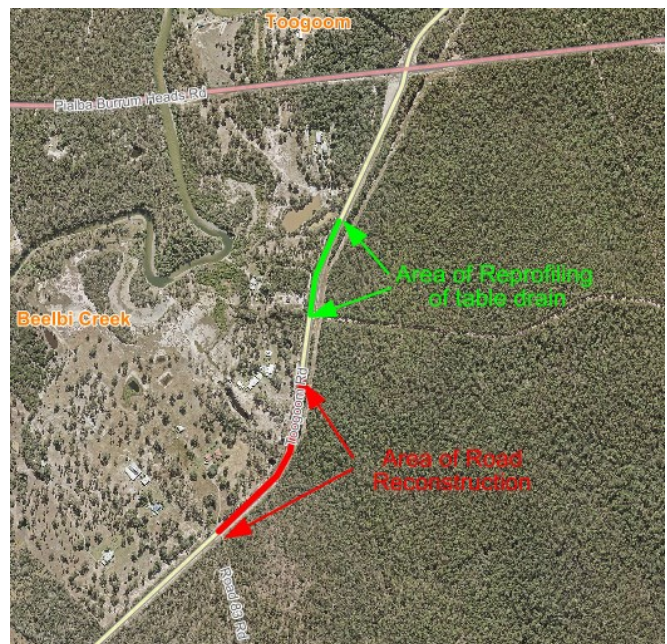

PROJECT ESTIMATE:

\$1M

PROJECT SCOPE OF WORKS:

The Project scope is as follows:

- Earthworks and excavation;
- Tree removal (existing vegetation will be retained where possible);
- Stormwater drainage and cross-drainage;
- Driveway replacements;
- Pavement and bitumen surfacing;
- Linemarking and signage;

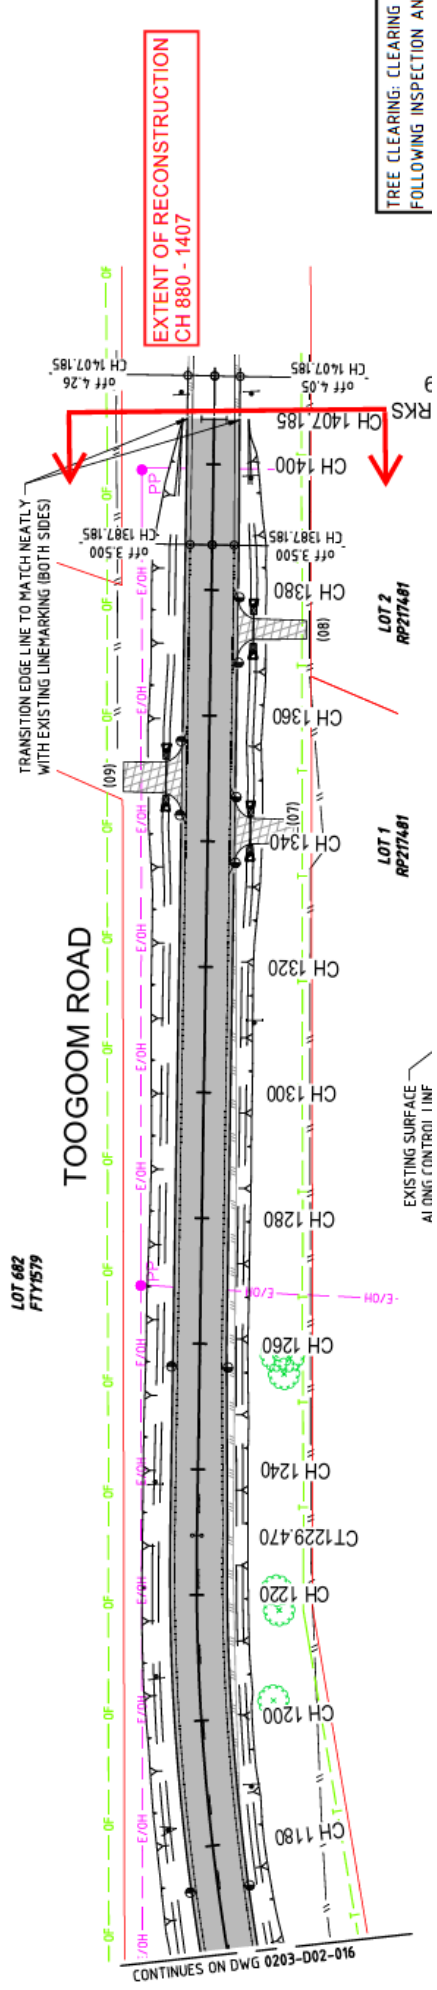

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
