

## Footpath Construction—Moreton Street, Toogoom (Toogoom Road to end of Moreton Street)

### PROJECT:

This project provides for the construction of a 1.3m wide concrete footpath for a distance of approximately 185m on the southern side of Moreton Street, Toogoom from Toogoom Road to the end of Moreton Street and a 15m section of 1.3m wide concrete footpath on the northern side of Moreton Street to connect to the existing footpath adjacent to the businesses in this location.

This project was identified for completion as part of Council’s Active Travel Strategy.

### PROJECT ESTIMATE:

\$140,000

### PROJECT SCOPE OF WORKS:

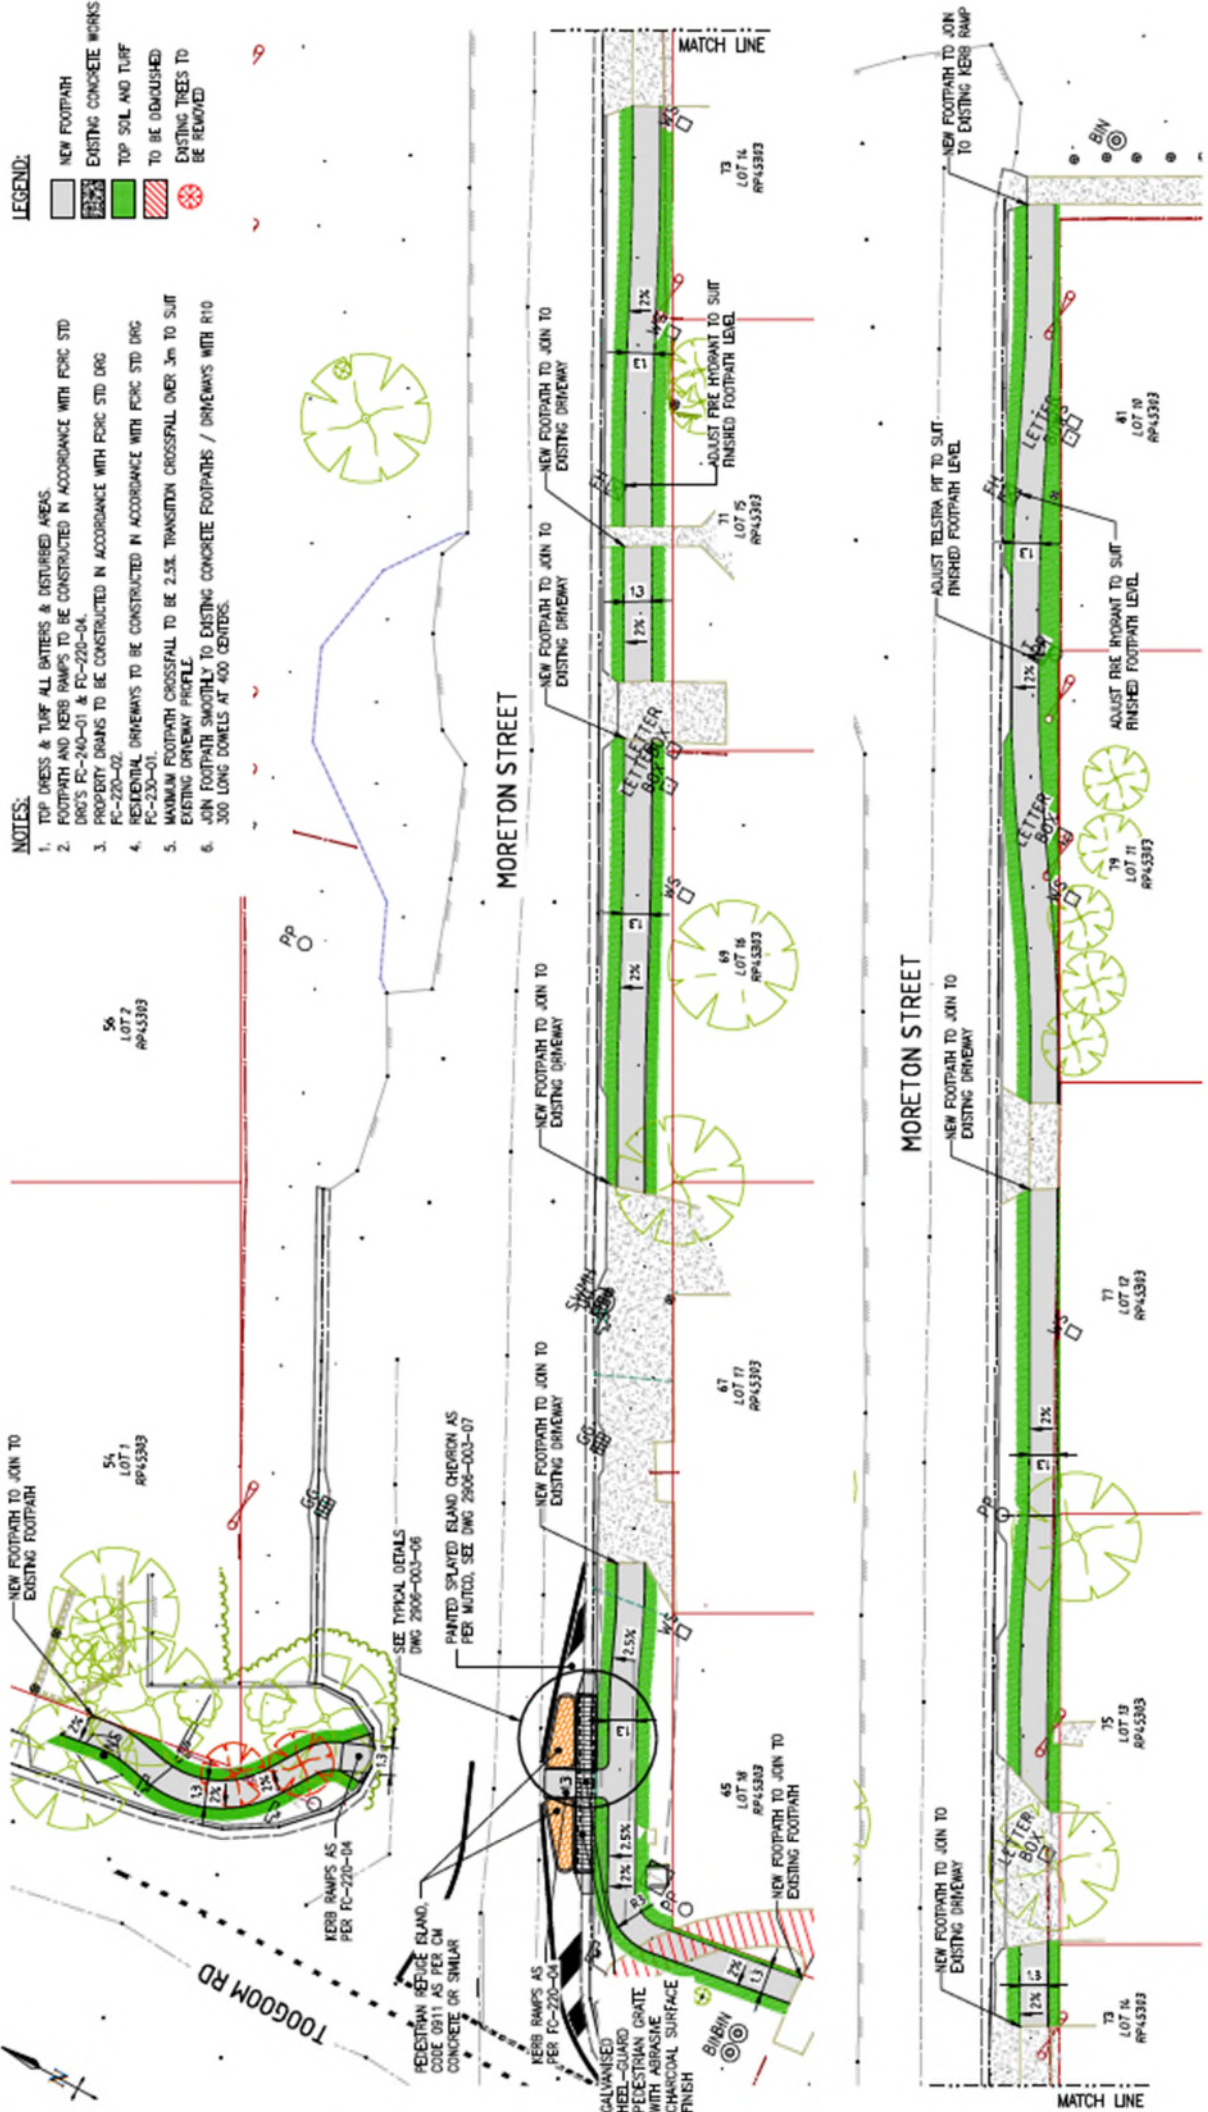

- Concrete footpath construction;
- New kerb ramp;
- Pedestrian refuge splitter island (southern side);
- Line marking;
- Kerb replacement with grated concrete channel;
- Selected tree removal;
- Topdressing and turfing of disturbed areas.

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.

INDICATIVE PROJECT MILESTONES	
March 2022	Final Design
March 2022	Tender Period
May/June 2022	Construction Period
July 2022	Project Completion
