

Footpath Replacement — Saltwater Creek Road (between Ellis Street and Nuneaton Street)

PROJECT:

This project provides for the replacement of the existing concrete footpath on the western side of Saltwater Creek Road between Ellis Street and Nuneaton Street with a 1.3m wide concrete footpath.

This footpath project was identified for replacement as part of Council’s annual footpath inspection programme.

PROJECT ESTIMATE:

\$120,000

PROJECT SCOPE OF WORKS:

The Project scope is as follows:

- Excavation and earthworks;
- Removal and disposal of existing concrete footpath and pram ramps;
- Concrete footpath works and pram ramp replacements;
- Topdressing and turfing of disturbed areas.

The traffic management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
