

## Road Pavement Rehabilitation – Abbott Road (Chainage 100 to 580)

**PROJECT:**

This project provides for pavement rehabilitation works in Abbott Road, Glenwood between chainage 100 and chainage 580.

This project is being undertaken following damage that was sustained to this road during the 2022 flood events.

**PROJECT ESTIMATE:**

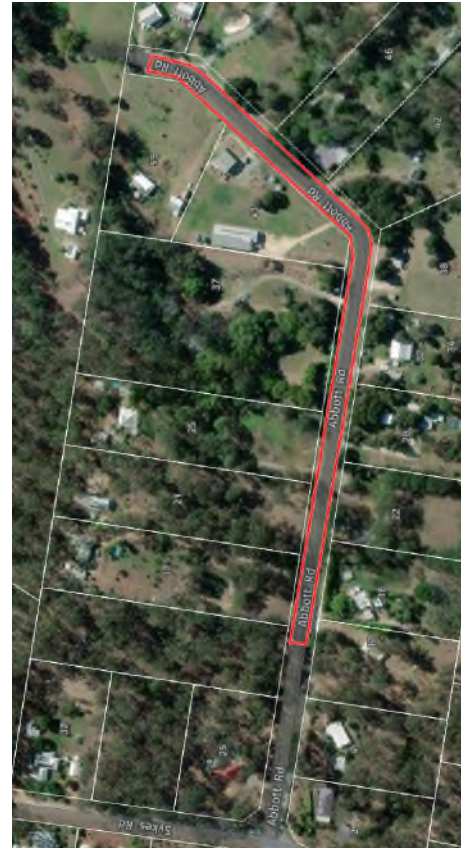

\$545,000 (this project is jointly funded by the Australian and Queensland governments under the Disaster Recovery Funding Arrangements)

**PROJECT SCOPE OF WORKS:**

The project scope is as follows:

- Removal of existing road surface between chainage 100 and chainage 580 to a depth of 100mm;
- Placement of pavement material;
- Bitumen sealing of the completed pavement together with linemarking and delineators.

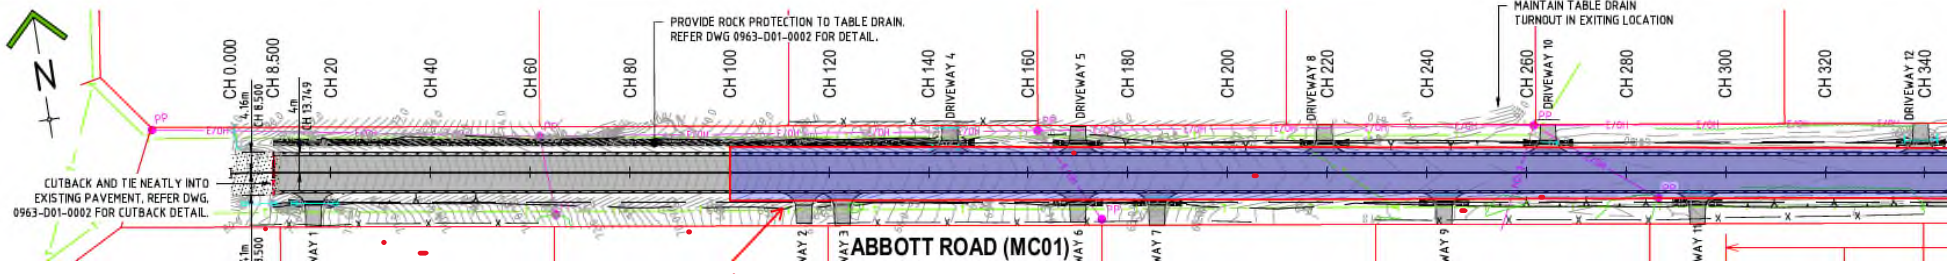

The traffic and pedestrian management plan that will be put in place for the duration of the construction period will be developed prior to works commencing.
