

LEVEL 1 RESIDENTIAL WATER MEASURES

- Sprinklers, irrigation systems and soaker hoses can be used between 4pm and before 9am the next day (must be fitted with a manual or automatic timer).
- Hosing of driveways and paved areas allowed only with a high pressure device (Gerni).
- Hand-held hoses are allowed at any time fitted with a working water efficient trigger nozzle.

For full details on residential and commercial restrictions, visit:
frasercoast.qld.gov.au/water-restrictions
